Work experience

Volunteer | Alshifa Institute Health Science Narowal | 14/04/2022 - 09/08/2024 | Narowal, Pakistan

Provided hands-on technical assistance to students by troubleshooting code errors and explaining complex programming concepts, significantly improving their practical development skills.

Oversaw student groups and managed daily schedules to maintain a structured learning environment, ensuring that course milestones and project deadlines were met.

Organized and supervised code review sessions to encourage peer-to-peer learning, helping students bridge the gap between theoretical knowledge and real-world application.

Web application developer | Alshifa Institute Health Science Narowal | 14/09/2024 - 07/04/2025 | Narowal, Pakistan

During my 6th semester, I initiated my Final Year Project (FYP) focused on a B2B2C Multi-Vendor E-Commerce System. Here are the Some points:

Integrated B2B Supply Chain: Enables authorized Stores to source inventory directly from Factories via bulk orders, automating stock replenishment.

B2C Multi-Vendor Marketplace: Provides a seamless platform for End-Users to purchase retail products from verified Stores with real-time order tracking.

Dynamic Inventory Synchronization: Implements logic where Store stock automatically increases upon Factory delivery and decreases upon User purchase.

Centralized Admin Governance: Features a Super Admin dashboard for performing KYC (Know Your Customer) verification on Factories and Stores before approving their business status.

Internship | Dev Valley Software House and Incubation Centre | 01/09/2025 - Current | Gujranwala, Pakistan

Motivated MERN Stack Developer who kickstarted a professional career at Dev Valley Software House and Incubation Centre. Gained extensive practical experience by developing and deploying diverse web projects from scratch. Known for a strong work ethic, attention to detail, and a commitment to writing clean, efficient code.

Full-Stack Development: Developed and deployed responsive web applications using MongoDB, Express.js, React, and Node.js, ensuring seamless user experiences.

Project Delivery: Successfully planned and executed multiple end-to-end projects, translating concepts into functional, bug-free software solutions.

Code Quality & API Integration: Wrote clean, maintainable code and implemented efficient RESTful APIs to optimize application performance and data handling.

Professional Growth: Demonstrated a strong work ethic and rapid learning agility in a fast-paced incubation environment, consistently delivering high-value results.

Private tutor | Global Unique School System | 04/09/2019 - 13/06/2021 | ShakarGarh, Pakistan

Delivered targeted tutoring to 9th-grade students in Mathematics and Computer Science, simplifying complex concepts into easy-to-understand lessons.

Enhanced student performance by creating customized study plans and practice problems, resulting in improved grades and subject confidence.

Facilitated a positive learning environment by mentoring junior students on academic discipline and exam preparation strategies.

Demonstrated exceptional time management and work ethic by successfully balancing professional teaching responsibilities alongside rigorous 12th-grade academic commitments.

Education & Training

BSCS (Bachelor of Science in Computer Science) | Government College University Faisalabad | 09/11/2021 - 15/10/2025 | Narowal, Pakistan

Field of studyComputer Science | Level in EQF 6

FSc Pre-Engineering | Board of Intermediate & Secondary Education, Gujranwala | 03/07/2019 - 09/08/2021 | ShakarGarh, Pakistan

Field of studyEducation science | Level in EQF 4

Matriculation in Science | Board of Intermediate & Secondary Education, Gujranwala | 03/04/2017 - 12/05/2019 | ShakarGarh, Pakistan

Field of studyEducation science | Level in EQF 3

Language Skills

Mother tongue(s): Urdu

	Understanding		Speaking		Writing
